

## Didaktischer Kommentar

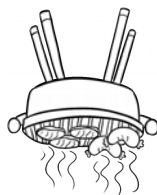

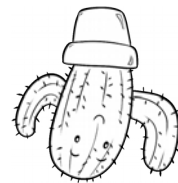

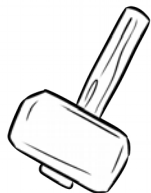

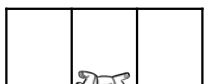

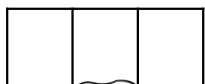

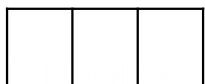

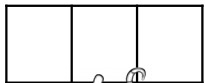

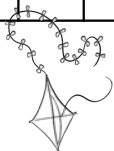

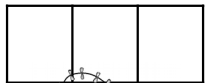

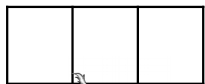

Das Material enthält zu jedem der 26 Buchstaben, ein kleines Heftchen, das zur Buchstabeneinführung genutzt werden kann.

In jedem Heft wird Folgendes geübt:

- Schreibrichtung des Buchstabens
- Laut aus Wörtern heraushören
- Lautposition in Wörtern bestimmen
- Buchstabe in Lineatur schreiben

Die Hefte können unabhängig vom Lehrwerk und auch in gemischter Reihenfolge eingesetzt werden. Man muss die Vorlage zweimal falten, damit ein kleines Heftchen entsteht.
